

A10

BASICline

- Easy readjustment thanks to 50% reduction in magnetic power when the motor is switched off
- Height-adjustable power unit thanks to double dovetail guide
- Very light / easy to use
- 10.000 N clamping force
- Automatic coolant supply

VPC: 4.999,00 kn
MPC: 6.249,00 kn

Technical data:

Magnetic clamping force:
10.000 N

Length and width:
160,0 x 80,0 mm

Core drills:
Ø 12,0 - 35,0 mm

Total Power consumption:
1.100 Watt

Weight:
10,5 kg

Cutting depth core drills:
up to 110,0 mm

Rotation speeds:
700 r.p.m

Adapter:
Weldon: 19,0 mm (3/4")

Input voltage:
220 - 240 Volt

Height:
400,0 - 580,0 mm

Twist drills:
DIN 338: max. Ø 13,0 mm

Conformity with:
VDE, CEE

Lift:
120,0 / 195,0 mm

Accessories

- 1 Plastic tool case
- 1 Safety belt
- 3 Allen key 2,5 / 4 / 6
- 1 Cooling bottle
- 1 Operating instructions
