

Striking and measuring tools.

Optimum force transmission

With optimally uniform weight distribution, the Wiha electric hammer strikes a perfect balance and is also eminently suitable for use in confined working environments. Removing nails and nail clamps as well as fixing cables and dowels into position without causing damage become extremely simple tasks. Wiha's scaled impact screwdriver blade ensures that the portable dowel racket makes a perfectly dimensioned dowel hole to the required depth anywhere at any time without making a mess, unlike power tools.

Wiha measuring tools prove to be further dependable helpers during electrical installation work. The Wiha electrician's spirit level allows users to easily mark spaces for up to four flush boxes. This spirit level stands out due to its effortless dimension measurement and perfectly visible bubbles.

INFOBOX: Colour code system for Wiha hammer faces

Safety note:

- Always wear safety glasses and safety gloves when working with soft-faced hammers. Please observe the applicable national standards and regulations.
- Please observe the following tightening torques when replacing heads or handles:

Size 30 = 20 Nm
 Size 40 = 40 Nm
 Size 50 = 70 Nm
 Size 60 = 70 Nm
 Size 80 = 80 Nm

Hammer face	Application range
soft (blue)	for sensitive materials, such as those in furniture and interior construction, minor assembly. Material: elastomer.
medium soft (black)	for robust work, such as paving, tiling, dry wall installation. Material: rubber.
medium hard (yellow)	universal use, such as for tool and machine manufacture, car repairs, sheet metal and assembly work. Material: polyurethane.
hard (orange)	for high stress mechanical tasks such as assembly and dismantling work, building and construction work, repair work. Material: cellulose acetate.
very hard (white)	for high impact work, heavy industry and construction, mould construction, road construction, horticulture and landscaping. Material: polyamide.

Electrician's hammer

with 300 g hammer head, in blister pack

846

Order-No.		mm		
42071	23.9	283	500	4

**INFOBOX:
SoftFinish® dowel racket set with dowels**

- Makes it easier to insert dowels and saves valuable working time.
- Ensures dirt- and dust-free work compared to machines.
- Galvanic separation between the blade and solid steel cap protects against electric shock.
- Perfect for portable use since you can make dowel holes anywhere at any time at the strike of a hammer.

**INFOBOX:
Electrician's hammer**

- With its optimally uniform weight distribution, this hammer ensures perfect balance, delivering impact and fatigue-free work.
- Its flat claws make it easier to remove fastening components such as nail clamps, even from difficult-to-access spots.
- Optimum access into corners and confined spaces thanks to U-shaped striking surface.
- The flat hammer handle lower surface acts as a soft-faced hammer, ensuring components such as cables and dowels are fixed into position without causing damage.

Electrician's spirit level

40 cm

246

Order-No.	mm		
42074	400	330	1

INFOBOX: Electrician's spirit level, 40 cm

- Quick, easy marking of positions for up to four flush boxes in just one simple work step thanks to the integrated marking points.
- The continuous housing allows users to mark lines without interruption.
- An additional scale on the upper surface ensure precise measurement even when viewing from above.
- The bubbles are clearly visible, even from a sharp angle.
- The level is perfectly suitable for portable use thanks to its compact design.
