

**ONE.
ALWAYS.
EVERYWHERE.**

THE WIHA TOOL BACKPACK.

wiha 
Tools that work for you

NEW
FROM WIHA

Retailer version

**ROBUST ON THE OUTSIDE,
PERFECTLY ORGANISED ON
THE INSIDE.**

Separate laptop/office compartment: Large back compartment, this way, tools can be stored separately from the laptop and documents.

Well organised, easy to remove: All tools can be easily removed and returned.

Plenty of additional storage: The interior of the backpack offers much room for additional material.

77 storage and 30 flexible attachment possibilities: Free choice of individual equipment arrangement.

Stable, waterproof base tray: The hard-wearing base tray keeps the tools dry.

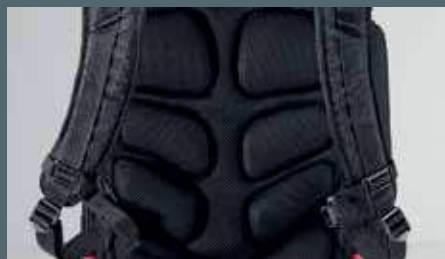

Tilt-resistant stand: The base tray makes sure that that backpack has a firm stand when open.

Robust, non-slip handle: The large non-slip and exceptionally comfortable handle is made of hard and soft components.

Durable, robust YKK zipper: Smooth running, robust and lockable.

Ergonomic breathable carrying elements: Highest carrying comfort through excellently ventilated back padding.

Protected side compartment: Secure protection for sensitive tools such as measuring tools from Wiha.*

Hard-wearing material 1680D: Robust, splash water resistant surface material made of PU fabric.

Convenient to carry by persons of any height: Easily adjustable shoulder and chest straps ensure good weight distribution.

THE SECURE FEELING OF HAVING EVERYTHING ALONG FOR ELECTRIC WORK.

The Wiha tool backpack electric. Equipped with the essential tools for electricians. All tools with the VDE marking have been tested at 10,000 V AC and approved for 1,000 V AC.
