

ONE. ALWAYS. EVERYWHERE.

THE WIHA TOOL BACKPACK.

wiha 
Tools that work for you

NEW
FROM WIHA

ROBUST ON THE OUTSIDE,
PERFECTLY ORGANISED ON
THE INSIDE.

Separate laptop/office compartment: Large back compartment, this way, tools can be stored separately from the laptop and documents.

Plenty of additional storage: The interior of the backpack offers much room for additional material.

Stable, waterproof base tray: The hard-wearing base tray keeps the tools dry.

Well organised, easy to remove: All tools can be easily removed and returned.

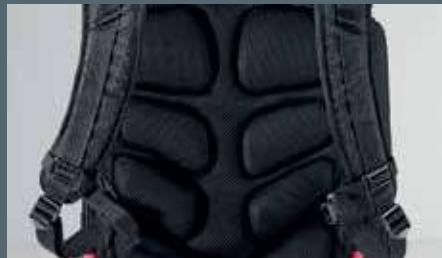

77 storage and 30 flexible attachment possibilities: Free choice of individual equipment arrangement.

Tilt-resistant stand: The base tray makes sure that that backpack has a firm stand when open.

Robust, non-slip handle: The large non-slip and exceptionally comfortable handle is made of hard and soft components.

Ergonomic breathable carrying elements: Highest carrying comfort through excellently ventilated back padding.

Hard-wearing material 1680D: Robust, splash water resistant surface material made of PU fabric.

Durable, robust YKK zipper: Smooth running, robust and lockable.

Protected side compartment: Secure protection for sensitive tools such as measuring tools from Wiha.*

Convenient to carry by persons of any height: Easily adjustable shoulder and chest straps ensure good weight distribution.

THE SECURE FEELING OF HAVING EVERYTHING ALONG FOR ELECTRIC WORK.

The **Wiha tool backpack electric**. Equipped with the essential tools for electricians. All tools with the VDE marking have been tested at 10,000 V AC and approved for 1,000 V AC.
